

## CV Ettore Botticini

### CONTACT DETAILS

**E-mail** etторе.botticini@ording.gr.com

**Address** 58019, Monte Argentario

**Phone number** +39 347 2165787

**Date of birth** 17-04-1996

**Nationality** Italian

### DESCRIPTION

After graduating in engineering in 2020, I carry on my academic experiences by making my way into the world of work, working as a consultant for several intellectual property consulting firms.

I am further engaged, as an engineer, with professional chartered accountants for technical consultancy.

I practise the sport of sailing at a high level, racing around the world on one design boats and professional circuits where I have won four world titles and as many national titles.

I joined the youth syndicate for the Youth America's Cup as skipper of the Italian team Young Azzurra.

### EXPERIENCE

#### **2021 Registration at the Association of Engineers**

- In December 2021, I successfully passed the State Examination, thus obtaining all the essential requirements for registration in the Engineers' Association.

#### **2019- till today Industrial Property Consultant**

- Since 2019 to date, I have been dealing with intellectual property, writing patents of invention of any industrial sector also on behalf of PRAXI Intellectual Property S.p.A.

I further deal with writing technical reports related to R&D financial statements.

## **2018 / 2020 Certifying engineer**

ENAVE

- Since 2018, I have been working with ENAVE as an operations technician for the issuance of safety certificates for recreational vessels and the issuance of CE markings for recreational boating.

## **2017 / 2020 Maritime Broker**

Wind Yachts

- Race boat valuation consultancy.

## **2017 / 2020 Team Manager**

I coordinate all activities related to sporting events (regattas), acting as team manager during all preparatory phases of the competition, from transfers, training, recruitment and selection of people to the actual regatta:

- Organisation manager Russian Melges 20 Team, Medyza
- Skipper Young Azzurra for the Youth America's Cup
- Organisation manager Melges 20 Team, B.Lex
- Organisation manager Swan45 Team, Aphrodite

## **EDUCATION**

### **Nautical Engineering Degree** University of Genoa

- In 2020, I graduated in Nautical Engineering with a grade of 93/110, presenting a thesis on "Design of a 48ft sailing boat and a study of its performances when varying the sweep angle of the keel".

### **High school Diploma** Istituto Tecnico Nautico Da Verrazzano (P.S.Stefano)

- After attending the Liceo Scientifico G.Marconi high school in Grosseto for 2 years, I decided to conclude my education by completing the three years of high school at the Istituto Tecnico Nautico Da Verrazzano in Porto S. Stefano.
- I achieved my high school diploma with a score of 100/100

## **LANGUAGES**
